Terms & Conditions For Shipped Cooled Semen

This Agreement is executed between Pilot Knob Quarter Horses (PKQH) and Mare Owner, _____, in conjunction with a Breeding Contract for The Stallion, **One Hot Krymsun, AQHA #3837080**, and The Mare(s), _____.

The following are Terms and Conditions for breeding The Mare(s) to The Stallion via shipped cooled semen:

1. All chute fees, if any are due, must be paid in full to PKQH prior to the first shipment of semen.
2. All stallion service fees and booking fees must be paid in full to Bailey Farm prior to the first shipment of semen.
3. Collection days are Monday, Wednesday, and Friday. Mare Owner shall provide notice of request to PKQH no later than 8 am EST on the day of collection for a next day shipment or by 4 pm the day before for a same day shipment. Shipment requests are filled in the order in which they are received. Orders for counter-to-counter shipments received on the day needed cannot be guaranteed. Mare Owner is responsible for shipping charges for cancellations received after 8:00 am.
4. Standard overnight (Federal Express, UPS overnight, or similar type of service) shipments shall be charged \$250. Counter-to-counter (same day) shipments shall be charged \$350. If shipping to more than one mare per shipment, an additional \$50 will be charged for each additional mare.
5. Mare Owner certifies that PKQH is obligated to transport cooled semen only to the address of record which Mare Owner is providing below. All next day shipments will be shipped to the address provided below, unless otherwise communicated in writing and confirmed by PKQH staff. Mare Owner certifies that the address for shipment is a suitable facility for artificial insemination of Mare. PKQH may refuse to make repeated shipments if in the opinion of PKQH, it will not reasonably lead to a successful breeding.
6. Mare Owner certifies that only the Mare who is the subject of a signed and accepted breeding contract shall be inseminated by the shipped cooled semen. If semen is used on a Mare not covered in a fully executed contract, this and the stallion service contract may be voided and additional fees will be due to PKQH and Stallion Owner.
7. PKQH shall use its best efforts to provide one breeding dose of shipped cooled semen when a shipment is requested. When possible, PKQH may include an additional breeding dose at no extra charge. This does not guarantee that semen will be available on the day requested.
8. Mare Owner agrees to comply with all breed association requirements concerning the use and handling of Cooled Shipped Semen. Mare Owner shall promptly send copies of the Insemination Certificate to the breed associations and to PKQH.
9. The parties agree that the obligations of performance by PKQH shall be met when the cooled semen shipment is accepted at Mare Owner's designated shipment address. Acceptance shall be defined as the parcel delivery carrier actually delivering the shipment container to the address of record and receiving a signature from a representative of the address of record on the shipment documents maintained during the ordinary course of business by the carrier. The parties understand and agree that risk of loss transfers to the Mare Owner upon acceptance of delivery.
