

WORLD CHAMPION One Hot Krymsun Passes the Torch

Wishing Good Luck to the Entries in the 2 Year Old and Junior Western Pleasure

For the past two years, the unbeatable team of One Hot Krymsun and Dave Dellin went to the AQHA World Show and came home with gold trophies. For both Dellin and "Jet" and for the Bailey's, who own this very talented horse, winning the first time was an unbelievable dream come true. But when they were awarded the coveted Junior Western Pleasure World Championship, they set a record. Back-to-back World Championships in the Two-Year-Old Snaffle Bit Western Pleasure and in the Junior Western Pleasure as a three year old. It was the only times each of the three players ever competed at the World Show, making them each 2 for 2 winners! This is something that may also be an AQHA World Show record.

This year, although qualified to compete again, One Hot Krymsun will stay home and send good wishes to the next horses to take home these great titles. Instead he has taken up two new time-consuming events: Western Riding, and breeding. The first, Western Riding, is an event which he is new to and which takes a good bit of training to accomplish. But Jet is taking to it well. Watch for him at shows this winter up until February 1.

Jet's other new job has been a very natural transition. He had a very busy breeding season, booking over 100 mares and closing his book before the first foal was ever born. Its no surprise that there has been a great demand for breeding to this fine stallion. By Invitation Only and out of a Hotrodders Jet Set mare, he has the bloodlines that the pleasure breeders are seeking. That, plus his quiet and willing attitude, flowing and cadenced movement, and stunning good looks make him the perfect cross for great mares across the country. With his first foal crop of 17 this year, he is proving that he will be an incredible sire as well as an incredible individual. His foals display his great traits of self-carriage and fluid movement, meeting all the criteria of the new Pleasure Horse. Additionally, "Jet" provided a good value for the mare owner, with an exceptional overall conception rate and a more than exceptional first cycle conception rate. The Bailey's are thankful to mare owners who have faith in this great stallion.

The Bailey's and Jet are wishing Good Luck to all World Show exhibitors and especially to Jet's full sister, Krymsun Hot Invite, to be shown by Dr. Ted Filandrianos in Amateur Western Pleasure and by Alex Ross in Junior Western Pleasure.
