Card Security Code: _____ Cardholder Signature: _____

Please make all checks payable to Bailey Farm, LLC.

PLEASE INCLUDE A CURRENT COPY OF MARE'S REGISTRATION PAPERS IF ANYTHING HAS CHANGED.

ONE HOT KRYMSUN REBREED FORM

EXHIBIT B – Terms and Conditions for Shipping Cooled Fresh Semen

These Terms and Conditions for Shipping Cooled Fresh Semen govern the requirements and service agreements for fulfilling the Cooled Fresh Semen Breeding Contract for the STALLION to the MARE:

1. The entire Breeding Fee, all chute/collection fees must be received at Bailey Farm before semen will be shipped.
2. All shipping charges will be the MARE OWNER's responsibility. The charge for a standard overnight delivery is \$275 and a same-day (counter-to-counter) shipment within the U.S. is \$375. *Late calls for semen shipments may be subject to an additional \$50 courier fee.* Special requests that result in extra fees from Fedex (such as Priority First service) will be passed on to MARE OWNER. All shipping charges must be paid in full before semen will be shipped to the MARE.
3. Due to Canadian Customs restrictions, fresh semen shipments to Canada require extra coordination and handling. The charge for a standard overnight shipment to Canada is \$550. *It is the MARE OWNER's responsibility to ensure that Fedex will deliver overnight shipment to their location.* Same day shipments are sometimes not possible to Canada, but counter-to-counter shipments received next day, may be possible when Fedex will not guarantee overnight delivery. Counter-to-counter shipments to Canada will be charged an additional \$100 for a total cost of \$600. It is the responsibility of MARE OWNER to know when customs offices in Canadian airports are open to ensure the shipment can be picked up in a timely manner. MARE OWNER is responsible for obtaining a Canadian Shipped Semen Permit. Canadian shipping permits and procedures are documented and available upon request. Canadian shipments MUST be requested at least 24 hours in advance of collection and must be scheduled for a weekday due to USDA requirements.
4. Ordering and confirming the availability of shipped semen is the MARE OWNER's responsibility according to the following terms:
 - a. The STALLION will be collected on **BREEDING DAYS ONLY**, which are **Monday, Wednesday, and Friday**, beginning Feb 2 through June 29, 2018.
 - b. Advance notice of general shipping date is requested to guarantee the availability of semen.
 - c. Once the anticipated shipment date has been established, a confirmed shipped semen order must be made **BEFORE 9AM EST** of the collection day for standard shipments or no later than 5 PM the day before collection for counter-to-counter shipments. We cannot guarantee semen shipment availability for late calls, but we will do our best to provide service. Any late calls that can result in a shipment may be subject to a \$50 late charge, which must be paid prior to shipping.
 - d. It is very rare but it should be understood that the number of semen shipments for a given breeding day may be limited. In this event, priority for shipped semen will be given first to mares shipping on their first cycle, and thereafter on a first-come, first-served basis.
5. Fresh semen will ship in good condition disposable shipping containers. Disposable shipping containers do not need to be returned.
6. Each semen shipment will contain enough live sperm cells to inseminate one mare. Any attempt to breed more than one mare without prior approval may void this contract and/or incur additional charges which must be paid immediately.
7. Fresh semen may not be frozen and stored for later use without express written consent of STALLION OWNER.
8. The Breeding Farm is not responsible for any semen shipment once it leaves its care and custody. Once received, the container should be stored in a cool dry place and unopened until time to inseminate the mare. Ideally, the entire shipment would be stored in a refrigerator.
9. These terms and conditions shall be interpreted and enforced under the laws of the State of Ohio. If any clause herein is against Ohio State Law, that clause of these terms and conditions shall be null and void. The balance of the agreement will remain in force.

Semen Ordering (Please call and leave a detailed message.) **Becky's Cell: 513-659-1659**
